Description
Buddy is a gentleman who loves adults, children and mixing with other dogs. He is known as "The happiest dog in Elwood". (So named by neighbours and local pet owners).

Buddy has lived his life in rental apartments and units. As such, must be walked at least twice a day. He won't even pee in the front garden as he sees it as an extension of is lounge room.

Training
Buddy is totally house trained. We carry disposal bags as part of his lead and dispose of waste diligently.

He only briefly barks when he is receiving visitors through excitement or if something is being delivered to the front door. Apart from then – no.

He attended puppy school in the early days and home schooling since. An A Grade student if we do say so.

Exercise
Buddy is walked at least twice a day. Friends and family often borrow him for walks and outings. Attends off-leash dog parks and is socialised with dogs and humans.
Buddy's behaviour on and off the lead is exemplary and responds to voice commands. He loves the beach and open spaces to run. He has never been a problem when we are not home as he sleeps.

Health and Grooming
Buddy is desexed, and his vaccinations are kept up to date. He has regular Health Checks and is fully covered by Pet insurance.
He attends a groomer every 6-8 weeks. He is brushed daily and treated against fleas, and worms in between if required. He has his own towel and has a towel down prior to re-entering the home post walks.

About Us

As Buddy's guardians (parents) we always act responsibly. We are more than aware of other people and our surroundings. We always clean up after him and dispose of the waste responsibly.

Buddy is never left alone for long periods of time. He enjoys sleepovers at our sister's if we are away for any amount of time. We are never short of sitters should we require them.

We are both professional people with the added luck of one of us working from home full time.

References

Please find attached references from past owners, past and current agents and neighbours. We can send further references if required.

We would be happy to have a potential landlord meet Buddy, visit him in his current home, and or/check in to see how he is adjusting to his new surroundings after we move in.

Thank you very much for your consideration
